# Introducing affordable automation products from Control4.

Control the on-screen Navigator OS 2.0 with stylish Control4® System Remote Controls.

## Control4® Residential

Control4 OS 2.0 provides new features for everyone.

- **For End Users**
  - Enhanced User Interface
  - New functionality
  - Improved performance
- **For Dealers/Installers**
  - Compelling solution for customers
  - Improved integration with 3rd-parties
- **For 3rd-Party Developers**
  - Develop apps and sell apps through the 4Store
  - Flash-based Navigator SDK
  - DriverWorks SDK

## 4Store™ Apps

As the OS for the home, Control4 gives you even greater flexibility with 3rd-party applications available through the 4Store.

- Add functionality and personalize your Control4 system.
- Enhanced monitoring and control of your home with 3rd-party applications.
- Use the Control4 interface as a portal to access information and controls.

## Control4® Language Support

The Control4 translation LDK gives authorized Control4 Distributors the ability to localize the UI into most languages.

## Control4® Mobile Navigator License

Experience the convenience of using your existing handheld mobile devices to control your home systems.

- Control4's Mobile Navigator License uniquely identifies and authenticates a mobile device in your system.
- Add and manage subscription codes from your myControl4 account.
- Control4 Mobile Navigator applications are available for iPhone/iPod Touch and soon for BlackBerry and Android.
